Go to the light you need to fix. Find the first screw at the front. TOP TIP: Use your fingers to gently lift the surrounding plastic trim up. This makes it easier to remove the screw. Undo the screw with your Phillips screwdriver. Next, undo the second screw at the front with your Torx screwdriver.

How to Change Your Front Headlights | Ford UK
Open Windows Device Manager (Right click on the Windows menu, select Device Manager) Scroll down to System Devices; click to expand the menu. Double click on either Microsoft Camera Front or Microsoft Camera Rear. Select Enable Device on the camera that you want to use; Select Disable Device on the other. Return to the Vidyard app in Outlook and ensure that the change to your camera settings was successful.

How do I switch to the front-facing camera on a Microsoft ...
Next, jack up the front of the car — see our guide on how to safely to this — remove the front wheels and examine the pads directly. If there is less than 3mm of pad depth remaining, it's time to change them. All cars are slightly different, so you should consult the vehicle handbook, or use a Haynes manual for the relevant make and model.

Haynes How-To: change front brake pads
Locate the Homepage Settings option. (To see this option the site needs to have at least one published page). Select the A static page option, then choose your new page from the Homepage drop down. The preview window will display your newly selected page as the front page of your site.

Set a Static "Home" Page (Front Page) – Support
