Save up to 80% by choosing the eTextbook option for ISBN: 9780205896370, 0205896375. The print version of this textbook is ISBN: 9780205905478, 0205905471.

This collection of primary sources includes both classic and lesser-known documents describing the rich mosaic of American life from the pre-contact era to the present day. The sources, both public and private documents-ranging from letters, diary excerpts, stories, novels, to speeches, court cases, and government reports-tell the story of American history in the words of those who lived it. This two-volume comprehensive anthology of primary sources expertly balances social and political history and includes up-to-date narrative material

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Focuses students on the story of American history. America : Past and Present integrates the

In The American South, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is

impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

Get inspired by a new compilation of crave-worthy spaces and places curated by HGTV star and award-winning designer Sarah Richardson, following on the bestselling success of *Sarah Style* and *At Home: Sarah Style*. Collected by Sarah Richardson is a series of books that contains an ever-changing mood board of soulful design—from interior and exterior spaces, to products, places, and creative people. Filled with striking photos from Sarah and her team, along with top designers from the global scene, each volume is filled with diverse looks and perspectives, ensuring there's something for everyone. In the second volume, *Past + Present*, Sarah explores the relationship between old and new—from historic houses with sleek, contemporary interiors, to modern houses filled with beloved antiques. “Whether you're tackling a ground-up build or simply looking to make your spaces sing, these pages and the insight from our experts will excite and inform your design adventures,” says Sarah. With *Collected*, Sarah's done all the work for you, pulling together fresh ideas from the world's best sources and making each issue a keepsake well worth collecting.

*Past, Present, and Future of Statistical Science* was commissioned in 2013 by the Committee of Presidents of Statistical Societies (COPSS) to celebrate its 50th anniversary and the International Year of Statistics. COPSS consists of five charter member statistical societies in North America and is best known for sponsoring prestigious awards in stat

The Vikings called North America "Vinland," the land of wine. Giovanni de Verrazzano, the Italian explorer who first described the grapes of the New World, was sure that "they would yield excellent wines." And when the English settlers found grapes growing so thickly that they covered the ground down to the very seashore, they concluded that "in all the world the like abundance is not to be found." Thus, from the very beginning the promise of America was, in part, the alluring promise of wine. How that promise was repeatedly baffled, how its realization was gradually begun, and how at last it has been triumphantly fulfilled is the story told in this book. It is a story that touches on nearly every section of the United States and includes the whole range of American society from the founders to the latest immigrants. Germans in Pennsylvania, Swiss in Georgia, Minorcans in Florida, Italians in Arkansas, French in Kansas, Chinese in California—all contributed to the domestication of Bacchus in the New World. So too did innumerable individuals, institutions, and organizations. Prominent politicians, obscure farmers, eager amateurs, sober scientists: these and all the other kinds and conditions of American men and women figure in the story. The history of wine in America is, in many ways, the history of American origins and of American enterprise in microcosm. While much of that history has been lost to sight, especially after Prohibition, the recovery of the record has been the goal of many investigators over the years, and the results are here brought together for the first time. In print in its entirety for the first time, *A History of Wine in America* is the most comprehensive account of winemaking in the United States, from the Norse discovery of native grapes in 1001 A.D., through Prohibition, and up to the present expansion of winemaking in every state.

Today's criminal justice system is the product of adjustments and reappraisals of policies and practices of the past. *The Past Present, and Future of American Criminal Justice* highlights how criminal justice has changed and how it continues to change. It brings together three sections: on police, courts, and corrections. Each section contains a historical case study chapter, a chapter on the contemporary patterns, and a chapter of informed speculations on future trends. Altogether *The Past, Present and Future* gives an excellent overview the everchanging U.S. criminal justice system.

The biopsychosocial perspective involves an appreciation that disease and illness do not manifest themselves only in terms of pathophysiology, but also may simultaneously affect many different levels of functioning, from cellular to organ system to person to family to society. This approach provides a better understanding of disease processes as encompassing multiple levels of functioning including the effect of the physician-patient relationship.
