...And the Earth Did Not Swallow Him - Variety  
The novel "And the Earth Did Not Devour Him," by author Tomás Rivera shows a kind of Mexican American literature not yet to be encountered by many. He depicts the struggle and the hard life of migrant agricultural workers in the United States in the 1950s. Rivera makes his readers sympathize with the characters in the short stories from the book. He shows the hardship of social and economic injustice and even the effects of the cultural religion of Chicano people, which makes the stories ...

And the Earth Did Not Swallow Him (1995): Mexican-American Community. February 12, 2007 by EmanuelLevy. L.A. Indie Film Festival 1995 -Focusing on one Mexican-American community, And the Earth Did Not Swallow Him is a sprawling, old-fashioned family saga set in the early 1950s. Though visually shapeless and narratively amorphous, pic provides a poignant chronicle of poverty, hardship and survival of an ethnic group that only recently began to get its due share in the American cinema.

And the Earth Did Not Swallow Him (1995): Mexican-American ...  
"And The Earth Did Not Devour Him ..." was published for the first time in 1971 and turned into a film in 1995. It reflects upon the difficulties faced by Latino immigrants arriving in the United States in search of a better life, from discrimination, labor exploitation and lack of access to education, as well as identity problems that pertain to their immigrant status, such as the feeling of being the "other."

Examines the lives of migrant workers moving from south Texas up through the Plains, and the experiences of all ages and sexes

Examines in English and Spanish the lives of migrant workers moving from south Texas up through the Plains, and the experiences of all ages and sexes

This new edition of a classic novel about the migrant worker experience recounts the experiences of a Mexican-American community through the eyes of a young boy. Forced to leave their home in search of work, the migrants are exploited by farmers, shopkeepers, and even other Mexican Americans, and the boy must forge his identity in the face of exploitation, death and disease, constant moving, and conflicts with school officials.

The child of migrant farm workers narrates this classic work of Chicano literature.

This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Literary Themes for Students: The American Dream for all of your research needs.

The Pulitzer Prize-winning, New York Times-bestselling novel about a peasant farmer and his family in early twentieth-century China. The Good Earth is Buck's classic story of Wang Lung, a Chinese peasant farmer, and his wife, O-lan, a former slave. With luck and hard work, the couple's fortunes improve over the years: They are blessed with sons, and save steadily until one day they can afford to buy property in the House of Wang-the very house in which O-lan used to work. But success brings with it a new set of problems. Wang soon finds himself the target of jealousy, and as good harvests come and go, so does the social order. Will Wang's family cherish the estate after he's gone? And can his material success, the bedrock of his life, guarantee anything about his soul? Winner of the Pulitzer Prize and the William Dean Howells Award, The Good Earth was an Oprah's Book Club choice in 2004. A readers' favorite for generations, this powerful and beautifully written fable resonates with universal themes of hope and family unity. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

#1 New York Times Bestseller Oprah's Book Club Selection The "extraordinary . . . monumental masterpiece" (Booklist) that changed the course of Ken Follett's already phenomenal career-and begins where its prequel, The Evening and the Morning, ended. "Follett risks all and comes out a clear winner," extolled Publishers Weekly on the release of The Pillars of the Earth. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. The Pillars of the Earth tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest gothic cathedral the world has known . . . of Tom, the mason who becomes his architect-a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece.

A Journey to the Center of the Earth was a science fiction novel written by Jules Verne in 1864. Jules Verne was considered by many to be a father of science fiction writing and incorporated the latest discoveries of the day into his work. As such, we are not surprised to find allusions to dinosaurs, natural gas, and ancient Scandinavian texts in this book. Equally, we also find the thorough respect that Verne has for the intellectual mind, both as a reckless force and as a tempering power.

The impact of The Late Great Planet Earth cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.
