Interviews describe ghetto life

There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. The Union has an easy way out. They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as Godslayer—plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.

For more than 30 years the author has dazzled the public with his flamboyant creations. His blown glass works are on display in more than 180 museums around the world. This volume focuses on his most imposing creations.

Rian Field is living her dream as a Marine Biologist until she experiences a deadly encounter when her boat is hit by a shark, triggering memories of the past and changing her understanding of her present world. After surviving the shark attack, Rian Field continues her work at the Institute while trying to cope with her growing post-traumatic stress outbreaks. Striving to recover, she soon finds herself in even more danger as she senses that her former assailant is still threatening her life--and may be someone close to her. More disconcerting, though, is the growing certainty that the trauma is somehow connected to the shark attack, and Rian soon feels compelled to uncover the truth of her past and discover who is after her.
