A companion to the successful "Guerilla Film Maker's Handbook", this book deals with every aspect of professional music making in today's popular music industry on both sides of the Atlantic. In creating music and developing a career, almost everyone starts out "independently", that is without the support

# Read Free Dj Mixer Buying Guide

of a large company. However, independent music making can be defined in a broad sense as a particular attitude towards creating and distribution of music held by professional people. The attitude involves a commitment to retaining control over your work as far as it is practically compatible with getting it to the largest possible relevant audience. This does not necessarily mean that the independent musician does everything him or herself. One of the most important dimensions of the book will be the checklists of questions musicians need to ask themselves in order
