Edward Prince of Wales, better known as “ Bertie, ” was the eldest son of Queen Victoria. Charming and dissolute, he was a larger-than-life personality with king-size appetites. A lifelong womanizer, Bertie conducted his countless liaisons against the glittering backdrop of London society, Europe, and the stately homes of England in the second half of the 19th century. Bertie ' s lovers were beautiful, spirited, society women who embraced a wide field of occupations. There was Lillie Langtry, the simple Jersey girl who would become an actress

and producer; “ Daisy ” Brooke, Countess of Warwick, the extravagant socialite who embraced socialism and stood for Parliament as a Labour party candidate; bisexual French actress Sarah Bernhardt, celebrated for her decadent appeal and opium habit; and by total contrast the starchy Agnes Keyser, who founded a hospital for army officers. One of Bertie ’ s most intriguing liaisons was with American heiress Jennie Churchill, unhappy wife of Sir Randolph Churchill and mother of Sir Winston. While the scandals resulting from his affairs—from suicides to divorces—were a blight on the royal family, Bertie would become a surprisingly modern monarch. His major accomplishment was transforming the British monarchy into the modern institution that we know today and ensuring its survival in a period when every other European dynasty collapsed in the wake of WWI.

To attempt to write a biography of Edward 'the Black Prince', a legendary paragon of chivalry, without turning first to the chronicler of chivalry par excellence, Jean Froissart, may seem self-defeating, particularly as there is so little light to be shed on the prince's character from other sources. But the classic stories of the school textbooks and romantic histories have held sway for too long without being challenged, and I have therefore tried to work outwards from accounts and 'official' chronicles to arrive at an account of Edward, prince of Wales and Aquitaine, and in particular of the group of men who were his companions-in-arms. Space and time have not allowed me to do as much work on the latter as I would have wished, but I hope that I have been able to show both the prince and his father as part of a close-knit, brilliant group of knights rather than as isolated figures, and to capture something of the prince's life as a great baron and as an almost sovereign ruler in Aquitaine. - Preface.

In this masterly authorised biography, Philip Ziegler reveals the complex personality of Edward VIII, the only British monarch to have voluntarily renounced the throne. When Edward became King in January 1936, he was hailed as the best qualified of British monarchs. Widely travelled, good-looking, charming and quick-witted, he was also praised for his concern for the unemployed and the poor. Only those closest to him suspected that this radiant image would not endure. The entire life of Edward VIII is examined in this highly readable and entertaining account - from his glamorous existence as Prince of Wales to his long decline in semi-exile in France. With his customary style and elegance, Ziegler examines Edward's turbulent relationships with leading Royals and his all-consuming passion for Wallis Simpson which led to his abdication. The result is an utterly compelling biography that explodes many myths about Edward, and tells his side of the story.

Drawing on Edward VIII's diaries and love letters and on the private papers of Chamberlain, Churchill, and Baldwin, this biography reveals the man who gave up a throne for love

While the letters exchanged between the man who was to become King Edward VIII/ Duke of Windsor and Wallis Simpson/ Duchess of Windsor have been preserved and published, it had long been thought that many of the Prince of Wales' letters to his earlier mistress, Mrs Freda Dudley Ward, had been destroyed by her some time before her death. But in November 1996,

## Download File PDF Edward Prince Of Wales And Aquitaine A Biography Of The Black Prince 0

editor Rupert Godfrey came across by chance while holidaying abroad: 262 letters, dating from 1918 to 1921, over 100 photographs and assorted cards and memorabilia. They covered the last year of the First World War and the Prince's official tours of Canada, New Zealand and Australia, when he was in his early twenties. Revealing and touching, the letters will alter our perception of the man born to give up the throne for the woman he later came to love.

The thrilling and definitive account of the Abdication Crisis of 1936 On December 10, 1936, King Edward VIII brought a great international drama to a close when he abdicated, renouncing the throne of the United Kingdom for himself and his heirs. The reason he gave when addressing his subjects was that he could not fulfill his duties without the woman he loved—the notorious American divorcee Wallis Simpson—by his side. His actions scandalized the establishment, who were desperate to avoid an international embarrassment at a time when war seemed imminent. That the King was rumored to have Nazi sympathies only strengthened their determination that he should be forced off the throne, by any means necessary. Alexander Larman 's *The Crown in Crisis* will treat readers to a new, thrilling view of this legendary story. Informed by revelatory archival material never-before-seen, as well as by interviews with many of Edward 's and Wallis 's close friends, Larman creates an hour-by-hour, day-by-day suspenseful narrative that brings readers up to the point where the microphone is turned on and the king speaks to his subjects. As well as focusing on King Edward and Mrs. Simpson, Larman looks closely at the roles played by those that stood against him: Prime minister Stanley Baldwin, his private secretary Alec Hardinge, and the

## Download File PDF Edward Prince Of Wales And Aquitaine A Biography Of The Black Prince 0

Archbishop of Canterbury Cosmo Lang. Larman also takes the full measure of those who supported him: the great politician Winston Churchill, Machiavellian newspaper owner Lord Beaverbrook, and the brilliant lawyer Walter Monckton. For the first time in a book about the abdication, readers will read an in-depth account of the assassination attempt on Edward 's life and its consequences, a first-person chronicle of Wallis Simpson 's scandalous divorce proceedings, information from the Royal Archives about the government 's worries about Edward 's relationship with Nazi high-command Ribbentrop and a boots-on-the-ground view of how the British people saw Edward as they watched the drama unfold. You won 't be able to put down *The Crown in Crisis*, a full panorama of the people and the times surrounding Edward and the woman he loved.

Before he fell in love with Wallis Simpson, Edward VIII had fallen in love with America. As a young Prince of Wales, Edward witnessed the birth of the American century at the end of the First World War and, captivated by the energy, confidence, and raw power of the USA as it strode onto the world stage, he paid a number of subsequent visits: surfing in Hawaii; dancing with an American shop-girl in Panama; and partying with the cream of New York society on Long Island. Eventually, of course, he fell violently in love with Wallis, a Southern belle and latter-day Scarlett O'Hara. Forceful, irreverent, and sassy, she embodied everything that Edward admired about modern America. But Edward's fascination with America was not unreciprocated. America was equally fascinated by the Prince, especially his love life, and he

## Download File PDF Edward Prince Of Wales And Aquitaine A Biography Of The Black Prince 0

became an international media celebrity through newsreels, radio, and the press. Indeed, even in the decades after his abdication in 1936, Edward remained a celebrity in the US and a regular guest of Presidents and the elite of American society.
