Fusion for Beginners and Experts (released December 26, 2017) is a deceptively simple-looking book about relationships, told through the vehicle of the Steven Universe show's fusion concept. In the television show, fans get very excited at the prospect of getting to meet a new Fusion, because even though we know these characters very well by now, we still can never be sure who their Fusion will be.

~~Fusion For Beginners And Experts Steven Universe~~

Fusion is a lot easier to master than some of the higher-end CAD/CAM systems used in say, the aerospace industry. In aerospace we use CATIA that not only costs tens of thousands of dollars a year per licence, the training course is also tens of thousands of dollars. Fusion brings CAD/CAM within the reach of hobbyists and students alike.
