How do you kill someone who has already been dead for better than 150 years? Weird question, I know, but I m serious, believe me. My name is Rowan Gant, and I m the Unofficial Witch of the Saint Louis Major Case Squad. I was

branded with that title for two reasons: I m a Witch, and I consult for the police. You see, I m not a normal Witch. I m afflicted with a terrible curse I can hear the voices of the dead. The loudest are always those of murder victims, hence the gig with the cops. Honestly, it has brought me nothing but trouble like the need to kill someone who is already dead, for instance. Some months back I was involved in an investigation that culminated in the capture of a sadistic serial killer who called herself Mistress Miranda. The thing is, the woman who is now behind bars is Annalise Devereaux. She s not innocent in this, trust me, but Miranda herself is the real problem. You see, now that Miranda s corporeal host is behind bars, she is looking for a new body to use, and she s keeping it in the family by that, I mean she has set her sights on my wife, Felicity, and I don t intend to let that happen. Unfortunately, how this drama plays out may not be up to me at all...

An essential tool for writers, editors, proofreaders, designers, copywriters, production managers, and marketers too. *The Christian Writer's Manual of Style* is an essential tool not only for writers of religious materials, but for their editors, proofreaders, designers, copywriters, production managers, and even marketers. Rather than simply repeating style information commonly available in standard references, this newly updated and expanded edition includes points of grammar, punctuation, usage, book production and design, and written style that are often overlooked in other manuals. It focuses on information relating to the unique needs and demands of religious publications, such as discussions on how to correctly quote the Bible, how to capitalize and use common religious terms, and how to abbreviate the books of the Bible and other religious words. Also included are rarely found items such as: — an author's guide to obtaining permissions — guidelines for using American, British, and Mid-Atlantic styles — discussions of inclusive language, profanity,
