the system of segregation in the South, and at the age of 39 he was awarded the Nobel Peace Prize for his eloquent, passionate advocacy of civil and human rights. This timeless volume, authorized by the estate of Martin Luther King, includes highlights from the legendary civil rights leader's speeches, sermons, and writings selected by his wife Coretta Scott King, who contributes an impressive introduction on Dr. King's life and legacy. The stirring book contains approximately 120 quotations, focusing on seven areas of concern: The Community of Man, Racism, Civil Rights, Justice and Freedom, Faith and Religion, Nonviolence, and Peace. Also included is a detailed chronology of Dr. King's life and its involvement in the civil rights movement in our time.

Eleven-year-old Delphine has it together. Even though her mother, Cecile, abandoned her and her younger sisters, Vonetta and Fern, seven years ago. Even though her father and Big Ma will send them from Brooklyn to Oakland, California, to stay with Cecile for the summer. And even though Delphine will have to take care of her sisters, as usual, and learn the truth about the missing pieces of the past. When the girls arrive in Oakland in the summer of 1968, Cecile wants nothing to do with them. She makes them eat Chinese takeout dinners, forbids them to enter her kitchen, and never explains the strange visitors with Afros and black berets who knock on her door. Rather than spend time with them, Cecile sends Delphine, Vonetta, and Fern to a summer camp sponsored by a revolutionary group, the Black Panthers, where the girls get a radical new education. Set during one of the most tumultuous years in recent American history, one crazy summer is the heartbreaking, funny tale of three girls in search of the mother who abandoned them—an unforgettable story told by a distinguished author of books for children and teens, Rita Williams-Garcia.

The acclaimed team that brought us 1968 turns to another year that shook the world with a collection of nonfiction writings by renowned young-adult authors. "The Rights of Man." What does that mean? In 1789 that question rippled all around the world. Do all men have rights--not just nobles and kings? What then of enslaved people, women, the original inhabitants of the Americas? In the new United States a bill of rights was passed, while in France the nation tumbled toward revolution. In the Caribbean preachers brought word of equality, while in the South Pacific sailors mutinied. New knowledge was exploding, with mathematicians and scientists rewriting the history of the planet and the digits of pi. Lauded anthology editors Marc Aronson and Susan Campbell Bartoletti, along with ten award-winning nonfiction authors, explore a tumultuous year when rights and freedoms collided with enslavement and domination, and the future of humanity seemed to be at stake. Some events and actors are familiar: Thomas Jefferson and James Madison, Marie Antoinette and the Marquis de Lafayette. Others may be less so: the eloquent former slave Olaudah Equiano, the Seneca memoirist Mary Jemison, the fishwives of Paris, the mathematician Jurij Vega, and the painter Élisabeth Vigée Le Brun. But every chapter brings fresh perspectives on the debates of the time, inviting readers to experience the passions of the past and ask new questions of today. more Van Morrison's *Astral Weeks* is an iconic rock album shrouded in legend, a masterpiece that has touched generations of listeners and influenced everyone from Bruce Springsteen to Martin Scorsese. In his first book, acclaimed musician and journalist Ryan H. Walsh unearths the album's fascinating backstory--along with the untold secrets of the time and place that birthed it: Boston 1968. On the 50th anniversary of that tumultuous year, Walsh's book follows a criss-crossing cast of musicians and visionaries, artists and hippie entrepreneurs, from a young Tufts English professor who walks into a job as a host for TV's wildest show (one episode required two sets, each tuned to a different channel) to the mystically inclined owner of radio station WBCN, who believed he was the reincarnation of a scientist from Atlantis. Most penetratingly powerful of all is Mel Lyman, the folk-music star who decided he was God, then controlled the lives of his many followers via acid, astrology, and an underground newspaper called *Avatar*. A mesmerizing group of boldface names pops to life in *Astral Weeks*: James Brown quells tensions the night after Martin Luther King, Jr. is assassinated; the real-life crimes of the Boston Strangler come to the movie screen via Tony Curtis; Howard Zinn testifies for *Avatar* in the courtroom. From life-changing concerts and chilling crimes, to acid experiments and film shoots, *Astral Weeks* is the secret, wild history of a unique time and place. Against the backdrop of one of the most tumultuous periods in recent American history, as riots and demonstrations spread across the nation, the Tigers of poor, segregated East High School in Columbus, Ohio did something no team from one school had ever done before: they won the state basketball and baseball championships in the same year.

They defeated bigger, richer, whiter teams across the state and along the way brought blacks and whites together, eased a painful racial divide throughout the state, and overcame extraordinary obstacles on their road to success. In Tigerland, Wil Haygood gives us a spirited and stirring account of this improbable triumph and takes us deep into the personal lives of these local heroes. At the same time, he places the Tigers' story in the context of the racially charged sixties, bringing in such national figures as Jackie Robinson, Martin Luther King Jr., and Richard Nixon, all of whom had a connection to the teams and a direct effect on their mythical season.

In 1968 Massachusetts, after her brother Patrick goes to fight in Vietnam, fifteen-year-old Molly records in her diary how she misses her brother, volunteers at a Veterans' Administration Hospital, and tries to make sense of the war in Vietnam and the tumultuous events in the United States. Includes historical notes.

As a Chicano boy living in the unglamorous town of Hollywood, New Mexico, and a member of the graduating class of 1969, Sammy Santos faces the challenges of "gringo" racism, unpopular dress codes, the Vietnam War, barrio violence, and poverty.
