The course has been designed to challenge students, and contains expanded material along with a multitude of practice questions in order to enhance understanding.

International Secondary Science Teacher Pack 3  
Currently there are texts available for grades 1-6. Singapore follows a pretty hardline science-only approach with little reference to origins or any specific ideology. The programs fast-paced and filled with information, and students used to the more casual pace of American science textbooks will likely find it difficult to keep up.
