You're walking through Sheffield City Centre and see somebody buying some flowers at a market stall. Nothing special about that but you do a double take as sunlight blinks from something metallic. The street seller isn't human! A beaten and battered robot is behind the counter. It's Hank, one of the vintage robots living in Sheffield doing his day job.Mecanisas is a series of snapshots drawn by local artist GrainArt that feature members of the robot Brown family and their friends. Look deeply into the drawings and feel what it would be like to be in their shoes.

The full story and complete reference guide for the iconic Saab 900

Designed to be a concise and easy-to-read reference manual that comprehensively covers the basics of every step of modern cataract surgery from preoperative evaluation to postoperative care. Detailed instructions and pearls are provided for each specific step. Each chapter contains a summary box which highlights the key points from each topic discussed. Additionally, images, diagrams, photographs, and tables are included to enhance understanding of specific topics.

Book IX of the multivolume series, The Easy-To-Read Encyclopedia of the Spiritual Path - Here at last is an indispensable book that has been urgently needed in these uncertain times. The book lays out, in an orderly and clear fashion, the guidelines for leadership in the world and in ones' own life.All the areas of our society and personal life that need discipline and leadership are pointed out. A firm foundation and guidance from a psychological and spiritual perspective are offered for change. The ascended masters are called upon for their wisdom and sometimes opinions on the matters ranging from the political arena to science and religion.This book serves as a reference manual for moral and spiritual living and also offers a vision of a world where strong love and the highest aspirations of humanity triumph.

The international financial value of Grand Prix racing has grown substantially in recent years. This book will focus upon the massive size, value, importance and impact of the industry. It will also investigate the dominance of UK based Research and Development and design and the development of team strategy and tactics. The authors have based their analysis upon very up-to-date research involving interviews with key individuals at the highest level and visibility within the industry and focus upon the key management themes of teamworking, leadership, strategy and innovation.

In the early 1970s. Brock Yates, senior editor of"

The American edition of the revelatory Swedish book Spotify Untold, the basis of the new Netflix Original series slated for 2022! "Two excellent Swedish journalists recount the historic rise of the company that changed modern music not just as a riveting business tale, but as a lesson in tech geopolitics. Spotify's Daniel Ek shows why Silicon Valley does not always win."—David Kirkpatrick, New York Times bestselling author of The Facebook Effect Steve Jobs tried to stop this moment from ever happening. Google and Microsoft made bids to preempt it. The music industry blocked it time and again. Yet, on a summer's eve in 2011, the whiz kid CEO of a Swedish start-up celebrated his company's US launch. In the midst of the Apple-Android tech war and a music label crusade against piracy and illegal downloading, Spotify withdrew the battle lines, sent shockwaves through Silicon Valley, and got the headline executives at Universal, Sony, and Warner to sign with its "free-mium" platform. In The Spotify Play, now adapted into an upcoming Netflix Original series, Swedish investigative tech journalists Sven Carlsson and Jonas Leijonhuvud, who covered the company from its inception, draw upon hundreds of interviews, previously untapped sources, and in-depth reporting on figures like Mark Zuckerberg, Sean Parker, Steve Jobs, Taylor Swift, Jay-Z, Pony Ma Huateng, and Jimmy Iovine. They have captured the riveting David vs. Goliath story of a disruptive innovator who played the industry giants in a quest to revolutionize the consumption of sound, building today's largest online source of audio, with more than 50 million songs, one million-plus podcasts, and over 300 million users.
