Nursing progress notes document our patient's medical status. We document any assessments, care and treatments we've performed on our shift, and the patient's progress and response to those actions. The goal of the progress note is to write a chronological narrative of the shift including any issues you may have come across. For instance ...

**01-06** How to Write A Nursing Progress Note | NURSING.com

Progress notes are partly generic in nature; for example, comments on a patient's physical state and emotional wellbeing are likely to be appropriate whether the setting is mental health care, disability care, dementia care, or any kind of nursing context. Beyond this, progress notes should also relate to a client's individual plan; to their individual goals and strategies.
