Computational Fluid ...

Explain. Solution: Since

the flow is steady, the
fluid acceleration along
the half-body surface is.

convective, $dU/dt = U$
(dU/ds), where s is

along the surface. (a) At
the point of. maximum
velocity in Fig. 8.6,

$dU/ds = 0$, hence dU/dt
 $= 0$, so answer (a) is No.
