Readers looking for a dynamic way to learn accounting. Redefining tradition in the accounting course. The tenth edition of Horngren ' s Accounting presents the core content of the accounting course in a fresh format designed to help today ' s learners succeed. Built upon the foundation of the Horngren franchise, this new edition was created by an all-new author team who sought to bridge the gap between textbook content and classroom instruction techniques. New pedagogical features such as Instructor Tips & Tricks and Common Questions, Answered walk students through the material as a great instructor would, fostering deeper understanding of accounting theory and practice. The table of contents for the tenth edition has been significantly overhauled to match the way the contemporary course is often taught. Additionally, the whole text has been put through a rigorous accuracy check, so instructors can be confident that it is up-to-date and error-free. And thorough integration between the text and MyAccountingLab places practice opportunities just a few clicks away—and provides a truly interactive learning experience.

WileyPLUS sold separately from text. Accounting Principles 12th Edition by Weygandt, Kimmel, and Kieso provides students with a clear introduction to fundamental accounting concepts. The Twelfth Edition helps student get the most out of their accounting course by making practice simple. This text allows for new opportunities for self-guided practice allow students to check their knowledge of accounting concepts, skills, and problem-solving techniques and receive personalized feedback at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating a clear connections between the reading and video content, and the practice, homework, and assessments questions. Weygandt, Accounting Principles is a best-selling program ideal for a two-semester Principles of Accounting sequence where students spend the majority of the time learning financial accounting concepts, and are introduced to the basic concepts of managerial accounting at the end of the sequence With Accounting Principles students learn the accounting cycle from a sole proprietor perspective.

For undergraduate and graduate courses in advanced accounting. An in-depth guide to accounting that reflects the most up-to-date business developments. This comprehensive textbook addresses practical financial reporting problems while reflecting recent business developments and changes in accounting standards. This edition has been rewritten to align with the Financial Accounting Standards Board Accounting Standards Codification.

This chapter-by-chapter learning aid systematically and effectively helps students study college accounting and get the maximum benefit from their study time. Each chapter provides a Summary Practice Test with fill-in-the-blanks, multiple choice, and true/false problems AND solutions to all the questions, and the Working Papers Working Papers contain tailor-made spreadsheets to all end-of-chapter problems.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The approach used by Hoyle, Schaefer, and Douppnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

With its tried-and-true framework and respected author team, Horngren/Harrison/Oliver's Financial & Managerial Accounting is the trusted choice for instructors and students of Principles of Accounting.
