~~Lord Denning, an influential but controversial English judge, stated that 'Words are the lawyer's tools of trade'. This course book reflects that conviction as it focuses on words, the language of the law - legal terms, expressions, and grammar - introduced systematically with relevant aspects of the law, and examined in context through analytical reading activities based on original legal texts selected for their interest and importance in different branches of the common law system.~~

English is the dominant language of international business relations, and a good working knowledge of the language is essential for today ' s legal or business professional. This book provides a highly practical approach to the use of English in commercial legal contexts, and covers crucial law terminology and legal concepts. Written with the needs of both students and practitioners in mind, this book is particularly suitable for readers whose first language is not English but need to use English on a regular basis in legal contexts. The book covers both written and verbal legal communication in typical legal situations in a straightforward manner. In addition to chapters on the grammar and punctuation utilised in legal writing, the book features sections on contract-drafting and the language used in negotiations, meetings and telephone conversations. It features a companion website which contains exercises covering the majority of the topics covered in the book ' s chapters. This edition thoroughly revises and expands the content of the companion website and contains updated examples, more detailed explanations of problematic areas and an expanded section on writing law essays.

Heavily classroom-tested by the authors and other instructors, this powerful teaching tool puts an emphasis on vocabulary and solid learning aids to introduce the American legal system to foreign law students. Focusing on constitutional law, the authors provide in-depth coverage of major issues such as the health care mandate, Arizona immigration law, the Defense of Marriage Act, affirmative action, the Supreme Court citation on international authority and more. The American Legal System for Foreign Lawyers uses contract law to show the continued development of common law and considers the role and function of judges, characterizing the differences between common and civil law. Other important issues are highlighted such as the differences between judicial review of legislation under constitutional challenge, judicial interpretation of statutes, and judicial development and application of common law contract and property law principles. Interesting cases and solid case-reading coverage combine with tables, graphical material, and glossaries to help students grasp United States law. Features of The American Legal System for Foreign Lawyers: Heavily class-room tested by the authors and other instructors In-depth coverage of major issues Health Care Mandate Arizona immigration law Defense of Marriage Act Absorption of the Second Amendment Affirmative Action Supreme Court citation on international authority Uses contract law to show continued development of common law Considers the role and function of judges, characterizing the differences between common and civil law Highlights important differences judicial review of legislation under constitutional challenge judicial interpretation of statutes judicial development and application of common law contract and property law principles Teaching and learning aids tables charts and graphical materials chapter and whole book glossaries Interesting cases and coverage of case-reading

Check Your English Vocabulary for Medicine is a workbook designed to help learners of English improve their knowledge and understanding of core medical terminology. The workbook includes crosswords, puzzles and word games to test and build specialist English vocabulary. The combination of self-study exercises and practical speaking activities mean that this book is ideal for both home and class-based study.

An essential handbook for international lawyers and students Focusing on vocabulary, Essential Legal English in Context introduces the US legal system and its terminology. Designed especially for foreign-trained lawyers and students whose first language is not English, the book is a must-read for those who want to expand their US legal vocabulary and basic understanding of US government. Ross uses a unique approach by selecting legal terms that arise solely within the context of the levels and branches of US government, including terminology related to current political issues such as partisanship. Inspired by her students ' questions over her years of teaching, she includes a vast collection of legal vocabulary, concepts, idioms, and phrasal verbs and unpacks concepts embedded in US case law, such as how the US constitutional separation of powers may affect a court ' s interpretation of the law. The handbook differentiates basic terms in civil and criminal cases and compares terms that may seem similar because of close spellings but in fact have different meanings. For instance, what is the distinction between " taking the stand " and " taking a stand? " What is the difference between " treaties " and " treatises " ? Featuring illustrations and hands-on exercises, Essential Legal English in Context is a valuable self-study resource for those who want to improve their legal English terminology before entering a US law school, studying US law or government, or working as a seconded attorney to a US law firm. Instructors can use the handbook in an introductory US legal English course.

Description Coming Soon!

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level English Language (syllabus 9093 for first examination in 2015). The core aim of this Coursebook is to help students to develop and apply the key skills they need to achieve in AS and A Level English Language. They will build the skills needed for assessment through frequent activities. Divided into two distinct parts for AS and A Level studies, the book covers a wide range of reading skills, such as understanding aspects of style, voice and tone. It also addresses the conventions of key kinds of writing and spoken language, from scripted speeches to travel articles, and looks at how they can capture these conventions in their own work.
