THE THIRD PART IN THE ADDICTIVE NEW 4-PART EBOOK-SERIAL FROM ROBERTA KRAY. NO ONE KNOWS CRIME LIKE KRAY I'm keeping an eye on Ava Gold just in case her routine changes. The attack will be swift and silent, a lesson in efficiency. If you're going to do a job, you have to do it properly. It's a satisfying feeling having everything in place. I know there's always room for error, but careful planning goes a long way towards a successful outcome. The devil, as they say, is in the detail. Ava Gold is in trouble. Holly is still missing, there are now two dead bodies, and Chris Street is in the frame for at least one of those murders. Then there are the anonymous notes she keeps receiving, not to mention that Lee Bullen won't leave her alone. She knows that she should tell the police what she knows about Holly, but there's so much going on she doesn't know what to deal with first. And that means she's too distracted to notice that the most dangerous threat is getting closer and closer. . . . The final part of The Payment is also available to download now! Read what people are saying about Roberta Kray: 'Once you start to read you can't put it down' 'Full of twists and turns' 'Love this writer, great read' 'Brilliant and gripping from beginning to end'

#1 NEW YORK TIMES BESTSELLER • "The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly."—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE "MOST INFLUENTIAL" (CNN), "DEFINING" (LITHUB), AND "BEST" (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARILAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first "immortal" human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences.

1984 is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime lead by The Party. Winston Smith works for the Ministry of Truth in London, chief city of Airstrip One. Big Brother stares out from every poster, the Thought Police uncover every act of betrayal. When Winston finds love with Julia, he discovers that life does not have to be dull and deadening, and awakens to new possibilities. Despite the police helicopters that hover and circle overhead, Winston and Julia begin to question the Party; they are drawn towards conspiracy. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101. . . .

A special 75th anniversary edition of Richard Wright's powerful and unforgettable memoir, with a new foreword by John Edgar Wideman and an afterword by Malcolm Wright, the author's grandson. When it exploded onto the literary scene in 1945, Black Boy was both praised and condemned. Orville Prescott of the New York Times wrote that "if enough such books are written, if enough millions of people read them maybe, someday, in the fullness of time, there will be a greater understanding and a more true democracy." Yet from 1975 to 1978, Black Boy was banned in schools throughout the United States for "obscenity" and "instigating hatred between the races." Wright's once controversial, now celebrated autobiography measures the raw brutality of the Jim Crow South against the sheer desperate will it took to survive as a Black boy. Enduring poverty, hunger, fear, abuse, and hatred while growing up in the woods of Mississippi, Wright lied, stole, and raged at those around him—whites indifferent, pitying, or cruel and Blacks resentful of anyone trying to rise above their circumstances. Desperate for a different way of life, he may his way north, eventually arriving in Chicago, where he forged a new path and began his career as a writer. At the end of Black Boy, Wright sits poised with pencil in hand, determined to "hurl words into this darkness and wait for an echo." Seventy-five year later, his words continue to reverberate. "To read Black Boy is to stare into the heart of darkness," John Edgar Wideman writes in his foreword. "Not the dark heart Conrad searched for in Congo jungles but the beating heart I bear." One of the great American memoirs, Wright's account is a poignant record of struggle and endurance—a seminal literary work that illuminates our own time.

Offers strategies for controlling the high costs of graduate school, discussing financial aid packages, applying for aid, educational loans, increasing eligibility, tax regulations, and additional sources of revenue and funding.

A Short Course in International Payments describes how to use letters of credit and documentary collections, how to grant and obtain credit, and how to use cyberpayments in international trade. The book also has an excellent section on trade documentation.

This is the ninth edition of John Tiley's major text on revenue law, covering the UK tax system, income tax, capital gains tax and inheritance tax, as well as incorporating sections dealing with corporation tax, international and European tax, savings and charities. This new edition is fully revised and updated with the latest case law, statutory and other developments, including Finance Act 2019. The book is designed for law students taking the subject in the final year of their law degree, or for more advanced courses, and is intended to be of interest to all who enjoy tax law. Its purpose is not only to provide an account of the rules but also to include citation of the relevant literature from legal periodicals and some discussion of, or reference to, the background material in terms of policy, history or other countries' tax systems.
