Review of scoliosis-specific exercise methods used to ...

SCHROTE METHOD HISTORY The system of exercises for scoliosis was developed in Germany in 1927 by Katherina Schroth, who was researching treatments for her own scoliosis condition. By the 1960s, the Schroth Method had become the standard non-surgical treatment for scoliosis and was further developed by Katherina daughter Christa Lehnert-Schroth.

ABOUT THE METHOD - SCHROTH NYC

Christa Lehnert-Schroth is the Foremost Authority on the Schroth Method In 1921 Katharina Schroth's success with her own scoliosis attracted attention, and she soon began to help others. By the late 1930s the method she had developed empirically was recognized as by far the best conservative scoliosis treatment system in Germany.
