Exploiting an ardent fan as a stalker, she finds herself once again in the adoring and sympathetic arms of her fans and public instead of being harangued by critics. The press grabs hold of Meridan Marks's "stalking" and projects a far more ominous picture of reality, setting in motion a maelstrom that transcends her intentions.

This book is a long awaited addition to the bookshelves of both Muslims and non-Muslims with some very thought provoking ideas on how we see ourselves-beyond our physical bodies. Yet, it includes detailed explanations on the physiology of the brain-heart connection and how it affects our health, both physical and spiritual.
